PEACE THR
VORLD LAW

the privilege of an education
demands a responsibility to
human society under God.
peace is, for us, an answer to
that demand; not a stagnant
peace, but a restless striving
for a greater humanness, a
creative urging that insures
the realization of ideals that
founded our country, but never
totally formed it.
peace is the respect of man for
himself and other men, and the
conviction that we can together,
create a dynamic harmony out of
a destructive divisiveness.
we dedicate the 1971 AVILA
year book to PEACE.
